European Affairs.

The French and Italian Governments have agreed to a treaty of commerce and navigation, which will be signed at Rome on the 10th inst. The treaty will provide for the free trade of goods and the free navigation of the rivers of the two countries. It will also provide for the free trade of ships and the free navigation of the seas. The treaty will be a great benefit to the two countries and will be a great step towards the establishment of a free trade system in Europe.
